

UNCOMPROMISING HYGIENE!

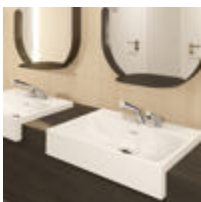

New matte black electronic soap dispenser

Electronic liquid soap or hydroalcoholic gel dispenser

Deck-mounted liquid soap dispenser

Design: available in 3 finishes

Ref. 512051BK

The DELABIE Group, expert in sanitary fittings for public places, has extended its BLACK MAGIC range with its new matte black electronic soap dispenser. Its aesthetic lines and functionality make this dispenser essential in public and commercial places.

Paint it BLACK

Combined with DELABIE's Black BINOPTIC mixers and taps, this soap dispenser in a matte black finish offers a very stylish "total black" decoration. Available in three finishes - matte black stainless steel, bright polished and satin polish - it fits perfectly with different styles of interior decoration.

Uncompromising hygiene

Hand washing is the basis of good hygiene and an effective measure against bacteria. Electronic controls reinforce this efficiency.

Hands are detected automatically by an infrared sensor. The detection distance can be adjusted to prevent any contact with the dispenser and, therefore, avoid any contamination through manual contact.

Liquid, foam... and gel!

This electronic soap dispenser is compatible with both liquid soap and foam soap, and it is also compatible with hydroalcoholic gel for models with a tank. Moreover, the right amount of soap is always dispensed thanks to its no-waste, non-drip pump dispenser.

The ingenious tank

Soap dispensers are often difficult to access because the tank is often located under the basin or in accessible spaces. The BINOPTIC electronic soap dispenser is easy to fill.

The innovative and unique clip-on system of the removable tank is designed to make it easy to use and make it intuitive for maintenance staff.

PRODUCT BRIEF / UNCOMPROMISING HYGIENE

The DELABIE Group, expert in sanitary fittings for public places, has extended its BLACK MAGIC range with its new matte black electronic soap dispenser. When combined with DELABIE's Black BINOPTIC mixers and taps, this new soap dispenser delivers a complete black decor. Its aesthetic lines and functionality make this dispenser essential in public and commercial places. Available in matte black, chrome-plated or satin finishes, these electronic soap dispensers contribute to improving commercial washrooms.

With no manual contact, and compatible with liquid soap and hydroalcoholic gel, total hygiene is guaranteed.
